

## SeamedUp Webinar

One of our members, Michelle Umlauf, is conducting an online sewing webinar that is being sponsored by a new online sewing/quilting community called SeamedUP.

The webinar features a licensed Sulky project called Not Your Grandma's Bowl and will be held on Saturday, January 21, 2012 @ 11:30 am Eastern Time or Monday, January 30, 2012 @ 1:00 pm Eastern Time. Even if these dates/times aren't convenient for you, sign up and watch the recording at your own convenience.

Michelle will spend a great deal of time teaching you how to sew successfully with some of those beautiful Sulky metallic threads. She will also introduce us to a concept she came up with that she coined "Now, This is Digital Quilting." If you are new or not confident in your free motion sewing skills, this will help you immensely. Michelle will also demystify 2 types of stabilizers. During this webinar, she will have Margaret Moorehead, a Jenny Haskins Tutor, teach you how to create and add a 3D machine embroidery flower to the fabric covered bowl.

Michelle specializes in teaching sewing classes online and includes a lot of downloadable extras with all of her classes such as the recorded webinar, movies & video clips, Keynote/PowerPoint presentation formats with a PDF file, the original Sulky instructions & patterns as well as a handy checklist to help guide you through making the project after watching the webinar or movie, and anything else she can think of.

For more information, you can watch her YouTube video:
